

MADE IN CZECH REPUBLIC

The history of MAUTING dates back to 1992. Own production plant with design and development department allows us to adapt our products to customer needs and permanently discover new ways how to do things better.

“Smoked goods are an honest and traditional product. Just like our chambers that we already produce for over 30 years.”

Josef Grégr, founder of MAUTING s.r.o.

SMOKING CHAMBER

Professional smoking in a small space

Smoking without compromises for small premises and home producers of delicacies. These smoking chambers can help you achieve great results when smoking meat, fish, cheese and other kinds of food. They are ideal helpers on the way to the honest production of delicacies at the highest level.

1 UKM COMPACT

- ~ Automatic regulation of temperature, relative humidity or air flow speed in the chamber
- ~ Minimum occupied space thanks to the smoke generator built into the door
- ~ It is ideal for processing of suspended products
- ~ Despite its compact dimensions, it has features comparable to larger models
- ~ Possibility of retrofitting with cooling for smoking fish and cheese

2 UKM JUNIOR

- ~ Efficient use of space even in small plants thanks to its compact design
- ~ It is ideal for processing suspended products, or on the grates
- ~ Semi-automatic process control; the option of an automatic control system as per request
- ~ Cold smoke option with cooling
- ~ Easy handling and operation

EXCEPTIONAL QUALITY AND LONG SERVICE LIFE

- ~ All-stainless steel construction
- ~ Perfect rigidity and tightness
- ~ Easy cleaning
- ~ Certified materials and components
- ~ Compliance with strict sanitary code
- ~ All welded joints are chemically treated with pickling and passivating so as to restore anti-corrosion properties of the welds

FURTHER FEATURES

- ~ Short, energy-efficient processes
- ~ Minimum weight losses
- ~ Compact size
- ~ Easy operation and maintenance
- ~ Uniform processing quality
